

# MiTek Jack Table

PLEASE NOTE: LIGHT CURTAIN GUARDING  
NOT SHOWN IN THESE IMAGES.

## ADVANTAGES

- *Quick and nimble platen press*
- *Fully integrated safety light curtains*
- *50T pressing capacity*
- *Simple controls*
- *Optional slotted top for tooling*
- *Suits all small truss types*

creating the **advantage**

# MiTek Jack Table

## Description:

The MiTek Jack Table is a quick and nimble platen press ideally suited to the construction of small trusses: jacks, saddles, creepers, etc.

The Unistrut rails matched with a HDPE plastic top provides a quality working surface that accommodates tooling for larger trusses.

## Features:

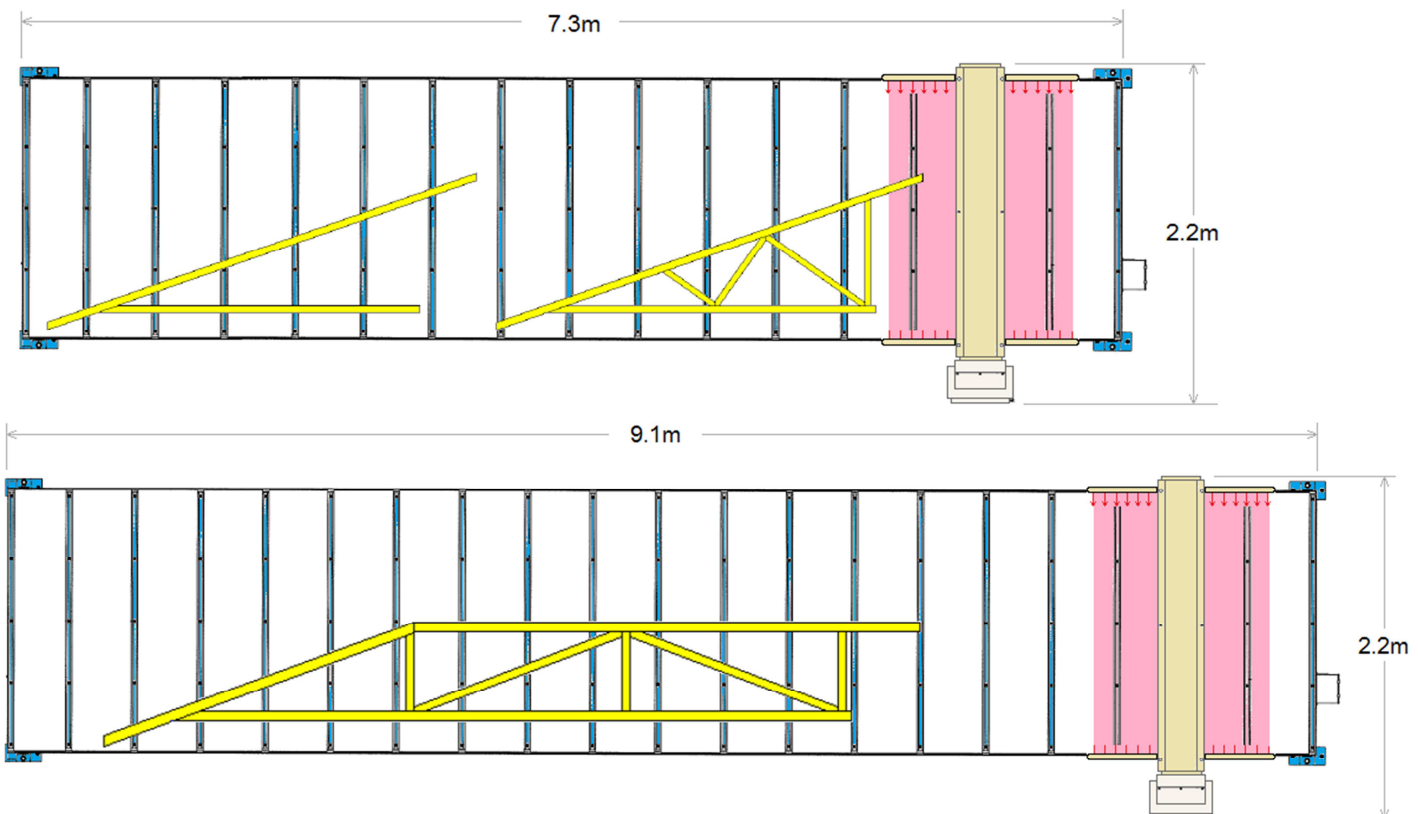

- High speed travel of press head with ramped acceleration
- Simple controls
- Pressing capacity of 50T, depth limited to prevent crushing of timber
- Platen width of 305mm
- Auto-raising of platen
- Light curtain protection 600mm either side of the press head.
- 5kW hydraulic motor.

## Requirements:

- 415V, 3 phase power, 11.4 Amps (20A CB, 3 Core + Earth)

## Options:

- Available sizes:
  - 1.8m (6ft) x 7.3m (24ft)
  - 1.8m (6ft) x 9.1m (30ft)
- Table Top – A choice of table tops include:
  - Unistrut at 457mm centres with plastic infill (Shown in picture)
  - Plain Top (Plastic)
- Dual Control – with this option installed the press may be controlled by operators on either side of the press.
- Unistrut tooling – talk to us about your tooling needs.
